Hello Stephane,

Thank you for your work.

Please pass on to your Warden and Council a very sincere thank you from the executive of the Clean Ocean Action Committee. This is a critically important issue. Your support along with the support of your many sister Municipal and Town units will be the decisive factor in maintaining reason and balance between the demands of the finite oil and gas industry and the needs and requirements of our fully sustainable multi-species fishery.

Thank you all for your efforts
Very Best Regards
John Davis, Director
Clean Ocean Action Committee
