October 26, 2020

Warden and Municipal Councillors,

On behalf of the Salmon River Volunteer Fire Department, we would like to formally request that a mutual aid agreement be drafted between the Municipality of Clare and the Municipality of Yarmouth. Reason for this request is so that the Salmon River Fire Department can have access to the Port Maitland Fire Department as well as the Lakes and District Fire Department. Both of these departments border the Salmon River fire district and would allow the Salmon River Fire Department to have more options available when it comes to equipment and manpower requests. If you have any questions or concerns please contact the Chief or Deputy Chief to discuss.

Thank you for your time,

A handwritten signature in black ink that reads "Daniel Kiley".

Daniel Kiley, Fire Chief
